

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. (Currently Amended) A polymer ~~Polymer~~ composition comprising a syndiotactic polypropylene (s-PP) and a thermoplastic elastomer (SI) including styrene and isoprene units and at least one of vinylisoprene or butadiene units.
2. (Currently Amended) A polymer ~~Polymer~~ composition according to claim 1, wherein ~~in which the (SI)~~ is isoprene and/or vinylisoprene units are at least partially hydrogenated.
3. (Currently Amended) A multilayer ~~Multilayer~~ structure comprising at least one layer which comprises ~~including~~ a polymer composition according to claim 1.
4. (Currently Amended) A multilayer ~~Multilayer~~ structure which comprises ~~comprising~~ [[is]] a multilayer film or tube, which, in turn, comprises a ~~and in which the layer which comprises~~ including the polymer composition according to claim 1 as ~~as~~ [[is ]] a sealing layer.
5. (Currently amended) A film ~~[[Film]]~~ or tube according to claim 4, wherein ~~in which~~ the sealing layer comprises additionally [[EVA]] ethylene vinyl acetate and/or [[EMA]] ethylene methyl acrylate.
6. (Currently amended) A film ~~[[Film]]~~ or tube according to claim 4, comprising ~~having~~ at least one barrier layer comprising an ~~resins like EVOH~~ (ethylene vinyl alcohol copolymer ~~[[ ]]~~), [[PA (]] a polyamide ~~[[ ]]~~), a polyester, [[LCP (]] a liquid crystal polymer ~~[[ ]]~~ or mixtures thereof, or a cyclic olefin polymer [[COP]].
7. (Currently amended) A film ~~[[Film]]~~ or tube according to claim 4, comprising ~~having~~ an outer layer comprising a thermoplastic polyester elastomer [[TPE]] and/or a [[PEBA (]] polyester block polyamide ~~[[ ]]~~.

8. (Currently amended) A film[[Film]] or tube according to claim 4, which comprises more than 40 % by weight of metallocene technology [[PO (]]polyolefin[[]]] resins from which at least 30 % by weight are [[PP (]]polypropylene[[]]] resins.
9. (Currently Amended) A bag[[Bag]] made by welding a film according to claim 3.
10. (Currently Amended) An injection~~Injection~~ moulded article comprising a polymer composition according to claim 1.
11. (New) A multilayer structure comprising at least one layer which comprises a polymer composition according to claim 2.
12. (New) A multilayer structure which comprises a multilayer film or tube and in which comprises a layer which comprises the polymer composition according to claim 2 as a sealing layer.
13. (New) A bag made by welding a film according to claim 12.
14. (New) An injection moulded article comprising a polymer composition according to claim 2.
